CHILDREN TO RETURN TO SCHOOL.

Dear Parents,

As you may be aware students in Victorian Primary Schools will return to school over the next four weeks. Our Foundation Class and our two Year 1 / 2 classes will return to school next Tuesday, May 26<sup>th</sup>.

We are looking forward to having our children back at school and no doubt they are really keen to see their friends as well.

There are however some strict procedures we will be implementing for the rest of this term. Please make sure you are aware of these and follow them so we can support the health and safety for all our community.

\*Parents and / or Carers are not to enter the school grounds. Please drop off your child at the school gate. If you need to make contact with the school ring the school office, phone 57721500.

You must phone before entering the school.

\*Parents and community members are not to gather out the front of the school.

\*Individuals are to observe Social Distancing Regulations.

\*Children to bring their own water bottle, no use of drinking fountains.

\*Any technology transported to or from school is to be wiped to sanitize e.g. iPads/Lap tops.

\*School cleaning and sanitizing procedures will be increased along with classroom hygiene procedures.

\*If your child is to be absent from school please ensure you notify us ASAP.

\*Children in Years 3 to 6 are to continue learning from home and return to school on Tuesday, June 9<sup>th</sup>.

I thank you for supporting our return to school plan and if you require further information the full CECV Return to School Guide is available on our school website.
