

Dear Families,

Following the Victorian Premier's announcements yesterday and our Catholic Education Principals briefing we are to inform you that all Victorian schools will continue with remote/online learning for the rest of this term.

Although this is not the ideal, we feel it does give us clarity and some certainty about what is happening in the coming weeks.

The Victorian Premier did mention the possibility of restrictions easing for Regional Victoria but this does not extend to regional schools.

We continue to encourage our families to be in contact with us if you require further information and support. More information of any other announcements or changes will be passed on to families as soon as possible.

Take Care

Trish Etccl & Christina Irwin
